FEDERAL REGISTER

REpublic 7-7500 Extension 3261

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Office of the Federal Register, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D.C.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D.C.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended August 5, 1953. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements vary.

Title 14—AERONAUTICS AND SPACE

Chapter III—Federal Aviation Agency

SUBCHAPTER C—AIRCRAFT REGULATIONS

[Reg. Docket No. 304; Amdt. 112]

PART 507—AIRWORTHINESS DIRECTIVES

Brantly B–2 Helicopters

A failure has occurred in the weld joint between the tail rotor guard and bracket which attaches to the upper tail rotor guard. Complete failure of this joint would permit the guard to interfere with the tail rotor which could result in loss of directional control. Since safety is affected by this type of failure, it is necessary to require inspection for cracks in the weld joint within the next 10 hours time in service and, if cracks are found, replacement or repair of defective parts prior to further flight is required.

In the interests of safety the Administrator finds that notice and public procedure hereon are impracticable and that good cause exists for making this amendment effective upon publication in the FEDERAL REGISTER.

In consideration of the foregoing § 507.10(a), (14 CFR Part 507), is hereby amended by adding the following new airworthiness directive:

BRANTLY. Applies to all Brantly B–2 helicopters Serial Numbers 1 through 29 with tail rotor guard upper fitting, P/N B2–416–2 installed.

Compliance required within the next 10 hours time in service and at each 10 hours time in service thereafter.

A fatigue crack has been found around the forward end of the weld joining the tail rotor guard to the sheet metal bracket at the upper tail rotor gear box. To preclude the possibility of the tail rotor loss because of entanglement with the tail rotor guard, the following shall be accomplished:

(a) Remove paint in the area of the weld joining the upper guard fitting P/N B2–416–2 and the tail rotor guard P/N B2–416–3 and inspect the weld area for cracks using a dye penetrant method or equivalent.

(b) If a crack is found the defective parts must be replaced or repaired prior to further flight. The fitting may be repaired by stop drilling the crack and adding a reinforcing plate of 0.035 inch by 1 inch by 1 inch SAE 4130 steel over the crack, welding all four edges to P/N B2–416–2. The reinforcing plate may be located under the head of the screw attaching the guard fitting to the tail rotor gear box, provided the plate is drilled for this screw and extends completely under the screw head.

(c) When an improved upper fitting as specified in Brantly Service Bulletin No. 1 is incorporated, the provisions of this directive no longer apply.

This amendment shall become effective on the date of publication in the FEDERAL REGISTER.

(Sec. 313(a), 601, 603; 72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on March 3, 1960.

JAMES T. PYLE,
Acting Administrator.

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 60–WA–51]

[Amdt. 268]

PART 600—DESIGNATION OF FEDERAL AIRWAYS

[Amdt. 312]

PART 601—DESIGNATION OF THE CONTINENTAL CONTROL AREA, CONTROL AREAS, CONTROL ZONES, REPORTING POINTS, AND POSITIVE CONTROL ROUTE SEGMENTS

Modification of Federal Airways and Associated Control Areas

The purpose of these amendments to §§ 600.6023, 600.6099, 601.6023, and 601.6099 of the Regulations of the Administrator is to modify the segments of VOR Federal airway No. 23 and VOR Federal airway No. 99 between Bellingham, Wash., and Vancouver, British Columbia.

Victor 23 is presently designated, in part, from the Bellingham, Wash., VOR to the United States-Canadian Border via the Bellingham VOR 304° radial. Victor 99 is presently designated, in part, from the Bellingham, Wash., VOR to the Vancouver, British Columbia, radio range station. The Canadian Department of Transport has advised that the Vancouver, British Columbia, VOR was commissioned January 5, 1960, at latitude 49°04'39" N., and longitude 123°08'52" W., and that in connection with the commissioning of this facility, it desired to redesignate the Canadian portions of Victor 23 and Victor 99 from the Bellingham VOR to the Vancouver VOR effective April 1, 1960. This action will necessitate the concurrent redesignation of the United States portions of these airways to coincide with the Canadian portions so as to provide continuous airways for proper air traffic management. Coincident with these amendments, Victor 23 and Victor 99 shall be described in the caption and text of the appropriate sections as terminating at the United States-Canadian Border to more accurately describe the airways.

For the reasons stated above, the Administrator finds that a situation exists requiring immediate action in the interest of air traffic management and that notice and public procedure hereon are impracticable and that good cause exists for making this amendment effective on less than 30 days notice.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (24 F.R. 4530) §§ 600.6023 (24 F.R. 10509), 600.6099 (24 F.R. 10515), 601.6023 (24 F.R. 10598, 25 F.R. 632), and 601.6099 (24 F.R. 10600) are amended as follows:

1. Section 600.6023 *VOR Federal airway No. 23 (San Diego, Calif., to Bellingham, Wash.)*:

a. In the caption delete "*(San Diego, Calif., to Bellingham, Wash.)*" and substitute therefor "*(San Diego, Calif., to the United States-Canadian Border)*".

b. In the text delete "Bellingham, Wash., VOR to the United States-Canadian Border via the Bellingham VOR 304° radial." and substitute therefor "Bellingham, Wash., VOR to the United States-Canadian Border via the Bellingham VOR direct radial to the Vancouver, British Columbia, VOR."

2. Section 600.6099 *VOR Federal airway No. 99 (Newport, Oreg., to Vancouver, British Columbia)*:

a. In the caption delete "*(Newport, Oreg., to Vancouver, British Columbia)*" and substitute therefor "*(Newport, Oreg., to the United States-Canadian Border)*."

b. In the text delete "Bellingham, Wash., omnirange station; to the Vancouver, British Columbia, radio range station." and substitute therefor "Bellingham, Wash., VOR to the United States-Canadian Border via the Bellingham VOR direct radial to the Vancouver, British Columbia, VOR."

3. In the caption of § 601.6023 *VOR Federal airway No. 23 control areas (San Diego, Calif., to Bellingham, Wash.)*, delete "*(San Diego, Calif., to Bellingham, Wash.)*" and substitute therefor "*(San Diego, Calif., to the United States-Canadian Border)*".

4. In the caption of § 601.6099 *VOR Federal airway No. 99 control areas (Newport, Oreg., to Vancouver, British Columbia)*, delete "*(Newport, Oreg., to Vancouver, British Columbia)*" and substitute therefor "*(Newport, Oreg., to the United States-Canadian Border)*".

These amendments shall become effective 0001 e.s.t. April 7, 1960.

(Secs. 307(a) and 313(a), 72 Stat. 749, 752; 49 U.S.C. 1348, 1354)

Issued in Washington, D.C., on March 8, 1960.

D. D. THOMAS,
Director, Bureau of Air Traffic Management.

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Alterations

The new and revised standard instrument approach procedures appearing hereinafter are adopted to become effective and/or canceled when indicated in order to promote safety. The revised procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the revised procedures specify the complete procedure and indicate the changes to the existing procedures. Pursuant to authority delegated to me by the Administrator (24 F.R. 5662), I find that a situation exists requiring immediate action in the interest of safety, that notice and public procedure hereon are impracticable, and that good cause exists for making this amendment effective on less than thirty days' notice.

Part 609 (14 CFR Part 609) is amended as follows:

1. The low or medium frequency range procedures prescribed in § 609.100(a) are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet-MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

4. The terminal very high frequency omnirange (TerVOR) procedures prescribed in § 609.200 are amended to read in part:

TERMINAL VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums

[1956 C.C.C. Grain Price Support Bulletin 1, Supp. 6, Corn]

PART 421—GRAINS AND RELATED COMMODITIES

Subpart—1956-Crop Corn Extended Re-Extended Reseal Loan Program

An extension of the reseal loan program for 1956-crop corn has been announced for the period 1960-61. The 1956 C.C.C. Grain Price Support Bulletin 1 (21 F.R. 3997), issued by the Commodity Credit Corporation and containing the general requirements with respect to price support operations for grains and related commodities produced in 1956, supplemented by Supplements 1, 2, 3, 4, and 5, Corn (21 F.R. 7175, 8233, 22 F.R. 3868, 23 F.R. 2089 and 24 F.R. 383), containing the specific requirements for the 1956-crop corn price support program is hereby further supplemented as follows:

Sec.
421.2151 Applicable sections of 1956 C.C.C. Grain Price Support Bulletin 1, and Supplements 1, 2, 3, 4, and 5, Corn.
421.2152 Availability.
421.2153 Eligible producer.
421.2154 Eligible corn.
421.2155 Approved storage.
421.2156 Quantity eligible for extended reseal loan.
421.2157 Service charges.
421.2158 Transfer of producer's equity.
421.2159 Personal liability of the producer.
421.2160 Storage and track-loading payments.
421.2161 Maturity and satisfaction.
421.2162 Foreclosure.
421.2163 Support rates, premiums and discounts.

AUTHORITY: §§ 421.2151 to 421.2163 issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072 secs. 101, 401, 63 Stat. 1051; 15 U.S.C. 714c, 7 U.S.C. 1441, 1421.

§ 421.2151 Applicable sections of 1956 C.C.C. Grain Price Support Bulletin 1, and Supplements 1, 2, 3, 4, and 5, Corn.

The following sections of the 1956 C.C.C. Grain Price Support Bulletin 1, as amended, and Supplements 1, 2, 3, 4, and 5, Corn, as amended, published in 21 F.R. 3997, 7175, 8233, 22 F.R. 3868 and 23 F.R. 2089, shall be applicable to the 1956 Corn Extended Re-extended Reseal Loan Program: §§ 421.1601, 421.1608, 421.1610, 421.1611, 421.1613, 421.1614, 421.1615, 421.1617, 421.1740, 421.1753. Other sections of 1956 C.C.C. Grain Price Support Bulletin 1, as amended, and Supplements 1, 2, 3, 4, and 5, Corn, as amended, shall be applicable to the extent indicated in this subpart.

§ 421.2152 Availability.

(a) *Area and scope.* This program provides, under certain circumstances, for the extension of the reseal loan program on 1956-crop corn for the period 1960-61 and will be available in all counties where 1956-crop corn is under reseal loan except in angoumois moth areas designated by the ASC State committee: *Provided, however,* That the program will be available only where ASC State committees determine that the corn can be safely stored on the farm for the period of the extended re-extended reseal loan and that it will be advantageous to producers and CCC to permit producers to obtain reseal loans,

This program is hereinafter called the extended reseal loan program. Neither warehouse-storage loans nor purchase agreements will be available to producers under this program.

(b) *Time and source.* The producer who has a reseal loan on 1956-crop corn for the period 1959–60 and who desires to extend such loan must make application to the county committee which approved such reseal loan before the final date for delivery specified in the delivery instructions issued to him by the office of the county committee.

(c) *New forms.* Where required by State law, a new producer's note and chattel mortgage shall be completed when a reseal loan is extended. Where new forms are not completed, extension of the reseal loan for the period 1960–61 shall not affect the rights of CCC, including its right to accelerate the note, and the rights and responsibilities of the producer as set forth in this subpart and in the original forms completed by the producer.

§ 421.2153 Eligible producer.

An eligible producer shall be any individual, partnership, association, corporation, estate, trust, or other business enterprise or legal entity, and wherever applicable, a State, political subdivision of a State or any agency thereof, producing corn in 1956 as landowner, landlord, tenant, or sharecropper who has a re-extended reseal farm-storage loan in effect on corn of the 1956 crop. Executors, administrators, trustees or receivers who represent an eligible producer or his estate may qualify provided the reseal documents executed by them are legally valid. Where the county committee has experienced difficulties in settling farm-storage loans with a producer the county committee shall determine that he is not eligible for an extension of his reseal loan under this program.

§ 421.2154 Eligible corn.

(a) *Requirements of eligibility.* The corn (1) must be in farm storage presently under a reseal loan; (2) must meet the requirements set forth in § 421.1738 (a), (b), (c), and (d)(3); (3) must grade No. 3 or better, or No. 4 on the factor of test weight only, but otherwise No. 3 or better; and (4) must contain not in excess of 16.0 percent moisture in the case of ear corn nor in excess of 14.0 percent moisture in the case of shelled corn.

(b) *Inspection.* If a producer makes application to extend his reseal loan for the period 1960–61 the commodity loan inspector shall, with the producer, reinspect the corn and the farm-storage structure in which the corn is stored. If recommended by either the commodity loan inspector or the producer, a sample of the corn shall be taken and submitted for grade analysis.

(c) *Determination of quality.* Quality determinations shall be made as set forth in § 421.1741.

§ 421.2155 Approved storage.

Corn covered by any extended reseal loans must be stored in structures which meet the requirements for farm-storage loans as provided in § 421.1606(a). Consent for storage for any loans extended must be obtained by the producer for the period ending September 30, 1961, if the structure is owned or controlled by someone other than the producer, or if the lease expires prior to September 30, 1961.

§ 421.2156 Quantity eligible for extended reseal loan.

The quantity of corn eligible for an extended reseal loan shall be the quantity shown on the original note and chattel mortgage, less (a) any quantity delivered not including the quantity represented by overdelivery for which overrun payment is made and (b) the quantity redeemed.

§ 421.2157 Service charges.

When a reseal loan is extended for the period 1960–61 the producer will not be required to pay an additional service charge.

§ 421.2158 Transfer of producer's equity.

The producer shall not transfer either his remaining interest in or his right to redeem a commodity mortgaged as security for a farm-storage loan nor shall anyone acquire such interest or right. Subject to the provisions of § 421.1617 regarding partial redemption of loans, a producer who wishes to liquidate all or part of his loan by contracting for the sale of the commodity must obtain written prior approval of the county committee on Commodity Loan Form 12 to remove the commodity from storage when the proceeds of the sale are needed to repay all or any part of the loan. Any such approval shall be subject to the terms and conditions set out in Commodity Loan Form 12, copies of which may be obtained by producers or prospective purchasers at the office of the county committee.

§ 421.2159 Personal liability of the producer.

The making of any fraudulent representation by the producer in the loan documents, or in obtaining the loan or the conversion or unlawful disposition of any portion of the commodity by him may render the producer subject to criminal prosecution under the Federal law and shall render him personally liable for the amount of the loan (including interest at the rate of 6 percent per annum from the date of disbursement of the loan) and for any resulting expense incurred by any holder of the note. A producer shall be personally liable for any damage resulting from tendering to CCC any commodity containing mercurial compounds or other substances poisonous to man or animals which is inadvertently accepted by CCC.

§ 421.2160 Storage and track-loading payments.

(a) *Storage payment for 1959–60 storage period.* (1) A producer who extends his farm-storage reseal loan for the period 1960–61 will at the time of such extension receive a payment for earned storage during the 1959–60 reseal loan period. This payment will be computed at the rate of 16 cents per bushel on the quantity of corn held in farm storage for the full reseal period, ending July 31, 1960. The reseal storage payment will be disbursed to the producer by the office of the county committee.

(2) Upon delivery of the 1956-crop corn to CCC, the actual quantity of corn held in farm storage under the extended reseal loan program will be determined by weighing. The storage payments previously made to the producer covering the 1957–58, 1958–59 and 1959–60 storage periods, will be recomputed on the basis of the actual quantity determined to have been in storage during such periods. Any amount due the producer for such storage on the quantity delivered in excess of the quantity stated in the documents for the reseal loans or any extension thereof will be regarded as an additional credit in effecting settlement with the producer. The amount of any overpayment which is determined to have been made to the producer at the time of any extension of the reseal loan shall be collected from the producer.

(3) No storage payment will be made for the 1959–60 reseal loan period where the producer has made any false representation in the loan documents or in obtaining the loan or where during or prior to the 1959–60 reseal loan period (i) the corn has been abandoned, (ii) there has been conversion on the part of the producer or at any time subsequent to the 1959–60 reseal loan period there is a conversion of the commodity by the producer with intent to defraud CCC, or (iii) the corn was damaged or otherwise impaired due to negligence on the part of the producer.

(b) *Storage payment for 1960–61 storage period.* A storage payment for the 1960–61 reseal storage period will be made as follows:

(1) *Storage payment for full extended reseal period.* A storage payment will be made to the producer on the quantity involved if he (i) redeems corn from the loan on or after July 31, 1961 (ii) delivers corn to CCC on or after July 31, 1961, or (iii) delivers corn to CCC prior to July 31, 1961, pursuant to demand by CCC for repayment of the loan solely for the convenience of CCC. Such storage payment will be in line with the rates paid under the Uniform Grain Storage Agreement (to be announced later).

(2) *Prorated storage payment.* A prorated storage payment, determined by prorating the yearly rate (to be announced later) according to the length of time the quantity of corn was in store after September 30, 1960, will be made to the producer (i) in the case of loss assumed by CCC under the provisions of the loan program, (ii) in the case of corn redeemed from the loan prior to July 31, 1961, and (iii) in the case of corn delivered to CCC prior to July 31, 1961, pursuant to CCC's demand and not solely for the convenience of CCC, or upon request of the producer and with the approval of CCC. In the case of losses assumed by CCC, the period for computing the storage payment shall end on the date of the loss; and in the case of redemptions, on the date of repayment.

(3) *No storage payments.* Notwithstanding the foregoing, in no case will any storage payment be made for the 1960–61 extended reseal storage period where the producer has made any false representation in the loan documents or in obtaining the loan, or where during or prior to such period (i) the corn has been abandoned, (ii) there has been conversion on the part of the producer or (iii) the corn was damaged or otherwise impaired due to negligence on the part of the producer.

(c) *Track-loading payment.* A track-loading payment of 3 cents per bushel will be made to the producer on corn delivered to CCC, in accordance with instructions of the county office, on track at a country point.

§ 421.2161 Maturity and satisfaction.

Reseal loans extended under this program will mature on demand but not later than July 31, 1961. The producer must pay off his loan, plus interest, on or before maturity or deliver the mortgaged corn in accordance with the instructions of the county office. If the producer desires to deliver the corn, he should, prior to maturity, give the county office notice in writing of his intention to do so. The producer may, however, pay off his loan and redeem his corn at any time prior to delivery of the corn to CCC or removal of the corn by CCC. Credit will be given at the applicable settlement value according to grade and quality for the total quantity eligible for delivery. Delivery of corn will be accepted only from bin(s) in which the corn under extended reseal loan is stored. The provisions of § 421.1618 (a), (c), (e) and (f) and of § 421.1746 (a) (1) and (e) shall be applicable thereto.

§ 421.2162 Foreclosure.

If the loan (i.e. the amount of the note, interest, and charges) is not satisfied upon maturity, the holder of the note is authorized to remove the commodity from storage; and also to sell, assign, transfer, and deliver the commodity or documents evidencing title thereto at such time, in such manner, and upon such terms as the holder of the note may determine, at public or private sale, either by separate contract or after pooling it with other lots of a commodity similarly held. Any such disposition may similarly be effected without removing the commodity from storage. The commodity may be processed before sale and the holder of the note may become the purchaser of the whole or any part of the commodity. If the commodity is pooled, the producer has no right of redemption after the date the pool is established, but shall share ratably in any overplus remaining upon liquidation of the pool. CCC shall have the right to treat the pooled commodity as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of the commodity even though part or all of such pooled commodity is disposed of under such policies at prices less than the current domestic price for such commodity. The holder or his agent shall pay to the producer or his personal representative only without right of assignment to, or substitution of any other party, the higher of (a) any overplus remaining from the sales proceeds, or if the commodity is pooled the producer's ratable share from the liquidation of a pool, after deducting the amount of the note, interest, and charges and any expenses of conducting the pool; in the case of pooled commodities; or (b) the amount by which the settlement value of the mortgaged or pledged commodity may exceed the principal amount of the loan. If a farm-stored commodity removed by CCC from storage is sold at less than the amount due on the loan (excluding interest) and the quantity, grade, or quality of the commodity as removed is lower than that on which the loan was computed, the producer shall pay to CCC the difference between the amount due on the loan and the higher of the sales proceeds or the settlement value of the commodity removed by CCC, plus interest. The settlement value shall be determined in accordance with the provisions of the applicable commodity supplement and Producer's Note and Supplemental Loan Agreement concerning settlement of commodities delivered by the producer to CCC. The amount of the deficiency may be set off against any payment which would otherwise be due to the producer under any agricultural program administered by the Secretary of Agriculture, or any other payments which are due or may become due the producer from CCC, or any agency of the United States. The term "charges" as used in this subpart means all fees, costs, and expenses incident to insuring, carrying, handling, storing, conditioning and marketing of the commodity, and otherwise protecting the interest in the mortgaged commodity of any holder of the note or the producer, including foreclosure costs.

§ 421.2163 Support rates, premiums and discounts.

(a) The support rate for an extended reseal loan shall remain the same as for the original loan.

(b) Any discounts or premiums established for variation in classification and quality as shown in § 421.1747(b), shall be applicable in determining the settlement value.

Issued this 4th day of March 1960.

Executive Vice President,
Commodity Credit Corporation.

AUTHORITY: §§ 421.4551 to 421.4562 issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 101, 105, 301, 401, 63 Stat. 1051, 1054, sec. 308, 70 Stat. 206; 15 U.S.C. 714c; 7 U.S.C. 1421, 1441, 1442, 1447.

§ 421.4551 Applicable sections of 1959 C.C.C. Grain Price Support Bulletin 1 and commodity supplements.

The following sections of the 1959 C.C.C. Grain Price Support Bulletin 1, as amended, published in (23 F.R. 9651) shall be applicable to the 1959 reseal loan programs for barley, corn, grain sorghums, and wheat: §§ 421.4001, 421.4008, 421.4010, 421.4011, 421.4013, 421.4014, 421.4015, 421.4016, 421.4017, 421.4019. Applicable sections of the individual commodity supplements are as follows: For barley, §§ 421.4080 and 421.4081 (24 F.R. 3027); for corn, §§ 421.4140 and 421.4141 (24 F.R. 4199 and 10249); for grain sorghums, §§ 421.4230 and 421.4231 (24 F.R. 3031); and for wheat, §§ 421.4040 and 421.4041 (24 F.R. 1633). Other sections of the 1959 C.C.C. Grain Price Support Bulletin 1 and supplements thereto for barley, corn, grain sorghums and wheat shall be applicable to the extent indicated in this subpart.

§ 421.4552 Availability.

(a) *Area and scope.* The reseal loan program will be available in the following areas where ASC State committees determine that the commodity can be safely stored on farms for the period of the reseal loan and that it will be advantageous to producers and CCC to permit producers to obtain reseal loans:

Name of Commodity and Area

Barley, Grain Sorghums and Wheat: All States except Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia and West Virginia.

Corn: All States, except in angoumois moth areas designated by the ASC State committee.

This program provides under certain conditions, for the extension of 1959-crop farm-storage loans and the making of farm-storage loans on 1959-crop commodities covered by purchase agreements. Neither warehouse-storage loans nor purchase agreements will be available to producers under the reseal loan program.

(b) *Time.* (1) The producer who desires to participate in the reseal loan program must sign an application for a farm-storage reseal loan with the office of the county committee.

(2) In the case of a farm-storage loan, the producer will be required to apply for extension of his loan before the final date for delivery specified in the delivery instructions issued to him by the office of the county committee.

(3) The producer who signed a purchase agreement on a farm-stored commodity is required, under the 1959 Price Support Program to notify the office of the county committee not later than March 31, 1960, in the case of grain sorghums or wheat; April 30, 1960, in the case of barley (March 10, 1960, in Arizona and California); and July 31, 1960, in the case of corn; if he intends to sell the commodity to CCC. If the producer has notified the county office as indicated in this sub-paragraph of his intention to sell the commodity to CCC or to participate in this program he may obtain a reseal farm-storage loan on the commodity. If the producer has not requested delivery instructions, the loan documents must be executed on or before June 30, 1960, for grain sorghums and wheat; on or before July 31, 1960, for barley; and on or before November 30, 1960, for corn.

(c) *Source and disbursement of loans.* A producer desiring to participate in the reseal loan program should make application to the office of the ASC county committee which approved his loan or purchase agreement. Disbursements of loans completed on the commodity covered by purchase agreements shall be made to producers by county offices by means of sight drafts drawn on CCC within 15 days after the final date for execution of the loan documents. The drawing of a draft shall constitute disbursement. Disbursement shall not be made unless the commodity is in existence and in good condition. If the commodity was not in existence and in good condition at the time of disbursement, the total amount disbursed under the loan shall be promptly refunded by the producer. In the event the amount disbursed exceeds the amount authorized under this sub-part, the producer shall be personally liable for repayment of the amount of such excess.

§ 421.4553 Eligible producer.

An eligible producer shall be an individual, partnership, association, corporation, estate, trust, or other business enterprise, or legal entity, and wherever applicable a State, political subdivision of a State, or any agency thereof producing barley, corn, grain sorghums or wheat in 1959 as landowner, landlord, tenant, or sharecropper, who either has in effect a farm-storage loan or signed a purchase agreement covering such commodity of the 1959 crop. Executors, administrators, trustees or receivers who represent an eligible producer or his estate may qualify to participate in this program provided the loan or reseal documents executed by them are legally valid. Where the county committee has experienced difficulties in settling farm-storage loans with a producer the county committee shall determine that he is not eligible for an extension of his reseal loan under this program.

§ 421.4554 Eligible commodity.

(a) *Requirements of eligibility.* The eligibility requirements for the commodity shall be as follows:

Name of Commodity and Eligibility Requirements
General: The commodity must be under price support loan or purchase agreement.
Barley: The barley (1) must meet the requirements set forth in § 421.4078 (a) and (b); (2) must be of any class grading No. 4 or better (or No. 4 Garlicky or better) except that Western Barley shall have a test weight of not less than 40 pounds per bushel; (3) must not grade Tough, Weevily, Stained if Western Barley, Blighted, Bleached, Ergoty or Smutty; and (4) must not contain mercurial compounds or other substances poisonous to man or animals.
Corn: The corn (1) must meet the requirements set forth in § 421.4138 (a), (b), (c), and (d); (2) must grade No. 3 or better or No. 4 on the factor of test weight only but otherwise No. 3 or better; (3) must contain not in excess of 16.0 percent moisture in the case of ear corn nor in excess of 14.0 percent moisture in the case of shelled corn; and (4) must not grade Weevily.
Grain Sorghums: The grain sorghums (1) must meet the requirements set forth in § 421.4228 (a) and (b); (2) must be of any class grading No. 4 or better, No. 4 Smutty or better, or No. 4 discolored or better; (3) must not grade Weevily or contain mercurial compounds or other substances poisonous to man or animals; and (4) must not be in excess of 13 percent moisture.
Wheat: The wheat (1) must meet the eligibility requirements set forth in § 421.4038 (a), (b), and (d); (2) must be of any class grading No. 3 or better or any class grading No. 4 or 5 on the factor of test weight and/or because of containing Durum and/or Red Durum, but otherwise grading No. 3 or better; (3) may be wheat of the class Mixed Wheat consisting of mixtures of grades of eligible wheat as stated above provided such mixtures are the natural products of the field; and (4) must not grade Tough, Weevily, Ergoty, or Treated.

(b) *Inspection* — (1) *Farm - storage loans extended.* If a producer makes application to extend his farm-storage loan, the commodity loan inspector shall inspect the commodity and the storage structure in which the commodity is stored, obtain a sample if the commodity and structure appear eligible, and submit it for grade analysis, except that in the case of ear corn a sample need be taken only if recommended by either the commodity loan inspector or the producer.

(2) *Commodity covered by purchase agreement.* If a producer makes application for a farm-storage loan on the commodity covered by a purchase agreement, the commodity loan inspector shall inspect the commodity and storage structure in which the commodity is stored, obtain a sample if the commodity and structure appear eligible, and proceed in the regular manner for the inspection of the commodity to be placed under loan.

§ 421.4555 Approved storage.

For any loans extended and any new loans completed the commodity must be stored in structures which meet the requirements for farm-storage loans as provided in § 421.4006(a). Consent for storage for any loans extended or new loans completed must be obtained by the producer for a period of 60 days following the applicable maturity date of the reseal loan for the commodity, if the structure is owned or controlled by someone other than the producer or if the lease expires prior to 60 days following the maturity date of the reseal loan.

§ 421.4556 Approved forms.

(a) The approved forms, which together with the provision of this subpart govern the rights and responsibilities of the producer, shall consist of Producer's Note and Supplemental Loan Agreement, secured by a Commodity Chattel Mortgage, and such other forms and documents as may be prescribed by CCC. Notes and chattel mortgages must have State and documentary revenue stamps affixed thereto where required by law. Loan documents executed by an administrator, executor or trustee will be acceptable only where legally valid.

(b) Where required by State law, a new producer's note and chattel mortgage shall be completed when a farm-storage loan is extended. Where new forms are not completed, extension of the farm-storage loan shall not affect the rights of CCC, including its right to accelerate the maturity date of the note, and the rights and responsibilities of the producer as set forth in this subpart and in the original approved forms completed by the producer.

§ 421.4557 Quantity eligible for reseal-ing.

(a) The quantity of the commodity eligible for reseal on an extended farm-storage loan shall be the quantity shown on the original note and chattel mortgage less (1) any quantity delivered not including the quantity represented by overdelivery for which overrun payment is made and (2) the quantity redeemed.

(b) A producer may obtain a loan on the quantity in store not in excess of the quantity of the commodity specified in the purchase agreement, minus any quantity of the commodity under such purchase agreement (1) which has been previously placed under loan and (2) on which he exercises his option to sell to CCC.

§ 421.4558 Additional service charges.

(a) When a farm-storage loan is extended, the producer will not be required to pay an additional service charge.

(b) At the time a farm-storage loan is made to the producer on the commodity covered by a purchase agreement, the producer shall pay an additional service charge of ½ cent per bushel on the number of bushels placed under loan (except grain sorghums, which shall be 1 cent

per 100 pounds) or $1.50 whichever is greater. No refund of service charges will be made except if the amount collected is in excess of the correct amount.

§ 421.4559 Transfer of producer's equity.

The producer shall not transfer either his remaining interest in or his right to redeem the commodity mortgaged as security for a loan under this program nor shall anyone acquire such interest or right. Subject to the provisions of § 421.4017 regarding partial redemption of loans, a producer who wishes to liquidate all or part of his loan by contracting for the sale of the commodity must obtain written prior approval of the county committee on Commodity Loan Form 12 to remove the commodity from storage when the proceeds of the sale are needed to repay all or any part of the loan. Any such approval shall be subject to the terms and conditions set out in Commodity Loan Form 12, copies of which may be obtained by producers or prospective purchasers at the office of the county committee.

§ 421.4560 Storage and track-loading payments.

(a) *Storage payment.* A reseal storage payment will be made as follows:

(1) *Storage payment for full reseal period.* A storage payment in line with the rates paid under the Uniform Grain Storage Agreement (to be announced later) will be made to the producer on the quantity involved if he (i) redeems the commodity from the loan on or after the maturity date of the reseal loan (ii) delivers the commodity to CCC on or after the maturity date of the reseal loan or (iii) delivers the commodity to CCC prior to the maturity date of the reseal loan pursuant to demand by CCC for repayment of the loan solely for the convenience of CCC.

(2) *Prorated storage payment.* A storage payment determined by prorating the yearly rate (to be announced later) according to the length of time the commodity was in store for the period beginning 60 days subsequent to the maturity date applicable to the regular loan will be made to the producer; (i) in the case of loss assumed by CCC under the provisions of the loan program; (ii) in the case of the commodity redeemed from reseal loans prior to the maturity date of the reseal loan and, (iii) in the case of the commodity delivered to CCC prior to the maturity date of the reseal loan pursuant to CCC's demand and not solely for the convenience of CCC or upon request of the producer and with the approval of CCC.

In the case of losses assumed by CCC, the period for computing the storage payment shall end on the date of the loss, and in the case of redemptions, on the date of repayment.

(3) *No storage payments.* Notwithstanding the provision of this paragraph, in no case will any storage payment be made where the producer has made any false representation in the loan documents or in obtaining the loan, where the commodity has been abandoned, where there has been conversion on the part of the producer, or where the commodity was damaged or otherwise impaired due to negligence on the part of the producer.

(b) *Track-loading payment.* A track-loading payment of 3 cents per bushel will be made to the producer on barley, corn, and wheat, and 6 cents per 100 pounds on grain sorghums delivered to CCC in accordance with instructions of the county committee on track at a country point.

§ 421.4561 Maturity and satisfaction.

(a) Loans will mature on demand but not later than March 31, 1961, for grain sorghums and wheat; April 30, 1961, for barley (March 10, 1961, in Arizona and California), and July 31, 1961 for corn. The producer must pay off his loan, plus interest, on or before maturity or deliver the mortgaged commodity in accordance with the instructions of the county office. If the producer desires to deliver the commodity he should, prior to maturity, give the county office notice in writing of his intention to do so. The producer may, however, pay off his loan and redeem his commodity at any time prior to the delivery of the commodity to CCC or removal of the commodity by CCC. Credit will be given at the applicable settlement value according to grade and quality for the total quantity eligible for delivery. Delivery of the commodity will be accepted only from the structure(s) in which the commodity under reseal is stored. The provisions of § 421.4018 (a) and (d) shall be applicable to all commodities. The provisions for barley in § 421.4086 (a) (1), (b) (2), (3), and (4) and (e) and (g); for corn in § 421.4146 (a) (1), (d) and (f); for grain sorghums in § 421.4236 (a) (1), (b) (2), (3) and (4), (e) and (g); and for wheat in § 421.4046 (a) (1), (b) (2), (3), (4), and (5), (e) and (g) shall apply.

§ 421.4562 Support rates, premiums and discounts.

(a) The support rate for an extended farm-storage loan shall remain the same as for the original loan. For a purchase agreement transferred to a reseal loan, the support rate shall be the support rate contained in the following sections: For barley in § 421.4087(b); for corn in § 421.4147(a) (1) and (2); for grain sorghums in § 421.4237(b); and for wheat in § 421.4047(b).

(b) For a commodity which at the time a reseal loan is computed or at settlement meets the eligibility requirements as provided in § 421.4554, the applicable discounts or premiums established for variation in quality as shown for barley in § 421.4083(c) (2) and § 421.4087(c); for corn in § 421.4143(b) and § 421.4147(b) (1) and (3); for grain sorghums in § 421.4233(c) (2) and § 421.4237(c); and for wheat in § 421.4043(c) and § 421.4047(c) shall apply.

Issued this 4th day of March 1960.

421.2877 Availability.
421.2878 Eligible producer.
421.2879 Eligible commodity.
421.2880 Approved storage.
421.2881 Quantity eligible for re-extended reseal loan.
421.2882 Service charges.
421.2883 Personal liability of the producer.
421.2884 Storage and track-loading payments.
421.2885 Maturity and satisfaction.
421.2886 Support rates, premiums and discounts.

AUTHORITY. §§ 421.2876 to 421.2886 issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 101, 301, 401, 63 Stat. 1051, 1054; 15 U.S.C. 714, 7 U.S.C. 1441, 1442, 1421, 1447.

§ 421.2876 Applicable sections of 1957 C.C.C. Grain Price Support Bulletin 1 and commodity supplements.

The following sections of the 1957 C.C.C. Grain Price Support Bulletin 1 published in (22 F.R. 2321) shall be applicable to the 1957-re-extended reseal loan programs for corn and wheat: §§ 421.2201, 421.2211, 421.2212(b), 421.2213, 421.2214; §§ 421.2215, 421.2217 and 421.2219. Applicable sections of the individual commodity supplements are as follows: for corn, §§ 421.2340 and 421.2341 (22 F.R. 5521); and for wheat, §§ 421.2240 and 421.2241 (22 F.R. 2405 and 5733). Other sections of the 1957 C.C.C. Grain Price Support Bulletin 1 and supplements thereto for corn and wheat shall be applicable to the extent indicated in this subpart.

§ 421.2877 Availability.

(a) *Area and scope.* The re-extended reseal loan program will be available in the following areas where 1957-crop corn or wheat are under extended reseal loan and where ASC State committees determine that the commodity can be safely stored on the farm for the period of the re-extended reseal loan and that it will be advantageous to producers and CCC to permit producers to obtain re-extended reseal loans:

Name of Commodity and Area
Wheat: Arizona, California, Colorado, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, New York, North Dakota, Ohio, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin and Wyoming.
Corn: In all counties in the Continental United States where 1957-crop corn is under extended reseal loan except in angoumois moth areas designated by the ASC State committee.

Neither warehouse-storage loans nor purchase agreements will be available to producers under this program.

(b) *Time and source.* The producer who has an extended reseal loan and who desires to extend such loan must make application to the office of the county committee which approved his extended reseal loan before the final date for delivery specified in the delivery instructions issued to him by the office of the county committee.

(c) *New forms.* Where required by State law a new producer's note and chattel mortgage shall be completed when a farm-storage loan is re-extended. Where new forms are not completed re-extension of the farm-storage loan shall not affect the rights of CCC including its right to accelerate the maturity date of the note and the rights and responsibilities of the producer as set forth in this subpart and in the original forms completed by the producer.

§ 421.2878 Eligible producer.

An eligible producer shall be any individual, partnership, association, corporation, estate, trust, or other business enterprise or legal entity and wherever applicable a State, political subdivision of a State, or any agency thereof producing corn or wheat in 1957 as landowner, landlord, tenant, or sharecropper who has in effect a farm-storage extended reseal loan on such crop. Executors, administrators, trustees or receivers who represent an eligible producer or his estate may qualify to participate in this program provided the reseal documents executed by them are legally valid. Where the county committee has experienced difficulties in settling farm-storage loans with a producer the county committee shall determine that he is not eligible for an extension of his reseal loan under this program.

§ 421.2879 Eligible commodity.

(a) *Requirements of eligibility.* The commodity (1) must be in farm-storage presently under an extended reseal loan and (2) must meet the following quality eligibility requirements.

Name of Commodity and Eligibility Requirements
Corn: The corn (1) must meet the requirements set forth in § 421.2338 (a), (b), (c), (d) and (e)(3); (2) must grade No. 3 or better or No. 4 on the factor of test weight only, but otherwise No. 3 or better, and must contain not in excess of 16.0 percent moisture in the case of ear corn nor in excess of 14.0 percent moisture in the case of shelled corn.
Wheat: The wheat (1) must meet the requirements set forth in § 421.2238 (a), (b), (c), and (d) and must not grade Tough, Weevily, Ergoty or Treated.

(b) *Inspection.* If a producer makes application to re-extend his reseal loan, the commodity loan inspector shall inspect the commodity and the storage structure in which the commodity is stored, obtain a sample of the commodity if the commodity and structure appear eligible and submit it for grade analysis, except that in the case of ear corn a sample need be taken and submitted for grade analysis only if recommended by either the commodity loan inspector or the producer.

§ 421.2880 Approved storage.

For any re-extended reseal loans the commodity must be stored in structures which meet the requirements for farm-storage loans as provided in § 421.2206 (a). Consent for storage for any reseal loans re-extended must be obtained by the producer for a period of 60 days following the applicable maturity date of the re-extended reseal loans for the commodity, if the structure is owned or controlled by someone other than the producer, or if the lease expires prior to 60 days following the maturity date of the re-extended reseal loan.

§ 421.2881 Quantity eligible for re-extended reseal loan.

The quantity of the commodity eligible for a re-extended reseal loan shall be the quantity shown on the original note and chattel mortgage less (a) any quantity delivered not including the quantity represented by overdelivery for which overrun payment is made and (b) the quantity redeemed.

§ 421.2882 Service charges.

When a reseal loan is re-extended, the producer will not be required to pay an additional service charge.

§ 421.2883 Personal liability of the producer.

The making of any fraudulent representation of the producer in the loan documents or in obtaining the loan, or the conversion or unlawful disposition of any portion of the commodity by him, may render the producer subject to criminal prosecution under the Federal law and shall render him personally liable for the amount of the loan (including interest as provided in § 421.2211) and for any resulting expense incurred by any holder of the note. A producer shall be personally liable for any damage resulting from tendering to CCC any commodity containing mercurial compounds or other substances poisonous to man or animals which is inadvertently accepted by CCC.

§ 421.2884 Storage and track-loading payments.

(a) *Storage payment for 1959–60 storage period.* (1) A producer who re-extended his farm-storage loan will at the time of re-extension of the reseal loan receive a payment for storage earned during the extended reseal loan 1959–60 storage period. This payment will be disbursed by the ASC county office and will be computed as follows:

Name of commodity	Area	Amount
		Cents per bushel
Corn	All States	16
Wheat	States comprising Area I and II under UGSA.	16
Wheat	States comprising area III and IV under UGSA.	17

(2) Upon delivery of 1957-crop corn or wheat to CCC the actual quantity of such commodity held in farm storage under the re-extended reseal loan program will be determined by weighing. The storage payments previously made to the producer at the time the reseal loan was extended and re-extended covering the 1958–59 and 1959–60 storage periods will be recomputed on the basis of actual quantity determined to have been covered by the reseal and extended reseal loan. Any amount due the producer for such storage on the quantity delivered in excess of the quantity stated in the reseal and extended reseal loan documents will be regarded as an additional credit in effecting settlement with the producer. The amount of any overpayment which is determined to have been made to the producer at the time the reseal loan was extended and re-extended shall be collected from the producer.

(3) No storage payment will be made for the 1959–60 extended reseal loan period (i) where the producer has made any false representation in the loan documents or in obtaining the loan, (ii) where during or prior to the 1959–60 extended reseal loan period, the commodity has been abandoned or the commodity was damaged or otherwise impaired due to negligence on the part of the producer, or (iii) where during or prior to the 1959–60 extended reseal loan period the commodity was converted by the producer or at any time subsequent thereto there was conversion of the commodity by the producer.

(b) *Storage payment for 1960–61 storage period.* A storage payment for the 1960–61 re-extended reseal storage period will be made as follows:

(1) *Storage payment for full re-extended reseal period.* A storage payment will be made to the producer on the quantity involved if he (i) redeems the commodity from the loan on or after the maturity date of the re-extended reseal loan, (ii) delivers the commodity to CCC on or after the maturity date of the re-extended reseal loan, or (iii) delivers the commodity to CCC prior to the maturity date of the re-extended reseal loan pursuant to demand by CCC for repayment of the loan solely for the convenience of CCC. Such storage payment will be in line with the rates paid under the Uniform Grain Storage Agreement (to be announced later).

(2) *Prorated storage payment.* A storage payment determined by prorating the yearly rate (to be announced later) according to the length of time the commodity was in store for the period begin-

ning 60 days subsequent to the maturity date applicable to the extended reseal loan (March 31, 1960, for wheat; and July 31, 1960, for corn) will be made to the producer, (i) in the case of loss assumed by CCC under the provisions of the loan program, (ii) in the case of the commodity redeemed from re-extended reseal loans prior to the maturity date of the re-extended reseal loan and (iii) in the case of the commodity delivered to CCC prior to the maturity date of the re-extended reseal loan pursuant to CCC's demand and not solely for the convenience of CCC or upon the request of the producer and with the approval of CCC.

In the case of losses assumed by CCC the period for computing the storage payment will end on the date of the loss; and in the case of redemptions, on the date of repayment.

(3) *No storage payments.* Notwithstanding the foregoing provisions of this paragraph in no case will any storage payment be made for the 1960–61 re-extended reseal loan storage period where the producer has made any false representation in the loan documents or in obtaining the loan or where during or prior to such period, (i) the commodity has been abandoned, (ii) there has been conversion on the part of the producer, or (iii) the commodity was damaged or otherwise impaired due to negligence on the part of the producer.

(c) *Track-loading payment.* A track-loading payment of 3 cents per bushel will be made to the producer on corn and wheat delivered to CCC in accordance with instructions of the county committee, on track at a country point.

§ 421.2885 Maturity and satisfaction.

Loans will mature on demand but not later than March 31, 1961, for wheat; and July 31, 1961, for corn. The producer must pay off his loan, plus interest, on or before the maturity of the loan or deliver the mortgaged commodity in accordance with the instructions of the county office. If the producer desires to deliver the commodity he should, prior to maturity, give the county office notice in writing of his intention to do so. The producer may, however, pay off his re-extended reseal loan and redeem his commodity at any time prior to the delivery of the commodity to CCC or removal of the commodity by CCC. Credit will be given at the applicable settlement value according to the grade and quality for the total quantity eligible for delivery. Delivery of the commodity will be accepted only from the structure(s) in which the commodity under re-extended reseal loan is stored. The provisions of § 421.2218 (a) and (d) shall be applicable to all commodities. The provisions for corn in § 421.2346 (a) (1), (d) and (f); and for wheat in § 421.2246 (a) (1), (b) (2), (3), (4) and (5) and (e) and (g) shall apply.

§ 421.2886 Support rates, premiums and discounts.

(a) The support rate for a farm-storage re-extended reseal loan shall remain the same as for the original loan.

(b) For a commodity which at the time of settlement meets the eligibility requirements as provided in § 421.2879 the applicable discounts or premiums established for variation in quality and classification as shown for corn in § 421.2347(b) (1) and (3); and for wheat in § 421.2243(d) (3) and (4) shall apply.

Issued this 4th day of March 1960.

Title 20—EMPLOYEES' BENEFITS

Chapter II—Railroad Retirement Board

PART 238—RESIDUAL LUMP-SUM PAYMENTS

PART 262—MISCELLANEOUS

PART 266—INCOMPETENCE

Miscellaneous Amendments

Pursuant to the general authority contained in section 10 of the act of June 24, 1937 (50 Stat. 314, 45 U.S.C. 228(j)), §§ 238.1, 238.2(a) (1) and (2), (b) (2) and (3), (d) (1), 238.4 (a), (c), (d) and (e) and 238.6 of Part 238 (20 CFR 238.1, 238.2(a) (1) and (2), (b) (2) and (3), (d) (1), 238.4 (a), (c), (d), (e), 238.6) of the regulations under such act are amended by Board Order 60–29, dated February 25, 1960, and §§ 262.1, 262.5 and 262.6 of Part 262 (20 CFR 262.1, 262.5, 262.6) and §§ 266.5 and 266.6 of Part 266 (20 CFR 266.5, 266.6) of the regulations under such act are amended by Board Order 60–30, dated February 25, 1960, to read as follows:

§ 238.1 Statutory provisions.

Whenever it shall appear, with respect to the death of an employee on or after January 1, 1947, that no benefits, or no further benefits, other than benefits payable to a widow, widower, or parent upon attaining age sixty at a future date, will be payable under this section or, pursuant to subsection (k) of this section, upon attaining retirement age (as defined in section 216(a) of the Social Security Act [62 in the case of a woman, 65 in the case of a man]) at a future date, will be payable under title II of the Social Security Act, as amended, there shall be paid to such person or persons as the deceased employee may have designated by a writing filed with the Board prior to his or her death, or if there be no designation, to the following person (or, if more than one, in equal shares to the persons) whose relationship to the deceased employee will have been determined by the Board and who will not have died before receiving payment of the lump sum provided for in this paragraph:

(i) The widow or widower of the deceased employee who was living with such employee at the time of such employee's death; or

(ii) If there be no such widow or widower, to any child or children of such employee; or

(iii) If there be no such widow, widower, or child, to any grandchild or grandchildren of such employee; or

(iv) If there be no such widow, widower, child, or grandchild, to any parent or parents of such employee; or

(v) If there be no such widow, widower, child, grandchild, or parent, to any brother or sister of such employee; or

(vi) If there be no such widow, widower, child, grandchild, parent, brother, or sister, to the estate of such employee, a lump sum in an amount equal to the sum of 4 per centum of his or her compensation paid after December 31, 1936, and prior to January 1, 1947, plus 7 per centum of his or her compensation paid after December 31, 1946, and before January 1, 1959, plus 7½ per centum of his or her compensation paid after December 31, 1958, and before January 1, 1962, plus 8 per centum of his or her compensation paid after December 31, 1961 (exclusive of compensation in excess of $300 for any month before July 1, 1954, and in excess of $350 for any month after June 30, 1954, and before the calendar month [June 1959] next following the month in which this Act was amended in 1959 [May 1959], and in excess of $400 for any month after the month in which this Act was so amended), minus the sum of all benefits paid to him or her, and to others deriving from him or her, during his or her life, or to others by reason of his or her death, under this Act, and pursuant to subsection (k) of this section, under title II of the Social Security Act, as amended: *Provided, however,* That if the employee is survived by a widow, widower, or parent who may upon attaining age sixty be entitled to further benefits under this section, or pursuant to subsection (k) of this section, upon attaining retirement age (as defined in section 216(a) of the Social Security Act) be entitled to further benefits under title II of the Social Security Act, as amended, such lump sum shall not be paid unless such widow, widower, or parent makes and files with the Board an irrevocable election, in such form as the Board may prescribe, to have such lump sum paid in lieu of all benefits to which such widow, widower, or parent might otherwise become entitled under this section or, pursuant to subsection (k) of this section, under title II of the Social Security Act, as amended. Such election shall be legally effective according to its terms. Nothing in this section shall operate to deprive a widow, widower, or parent making such election of any insurance benefits under title II of the Social Security Act, as amended, to which such widow, widower, or parent would have been entitled had this section not been enacted. The term "benefits" as used in this paragraph includes all annuities payable under this Act, lump sums payable under paragraph (1) of this subsection, and insurance benefits and lump-sum payments under title II of the Social Security Act, as amended, pursuant to subsection (k) of this section, except that the deductions of the benefits which, pursuant to subsection (k) (1) of this section, are paid under title II of the Social Security Act, during the life of the employee to him or to her and to others deriving from him or her, shall be limited to such portions of such benefits as are payable solely by reason of the inclusion of service as an employee in "employment" pursuant to said subsection (k)(1). (Section 5(f)(2) of the act)

§ 238.2 Residual lump-sum payments.

(a) *Conditions of payment.* A lump sum under section 5(f)(2) of the act ("residual") is payable to one or more of the persons described in paragraph (b) of this section if:

(1) The employee died after September 1958; and

(2) No benefits, or no further benefits, will by reason of the employee's death be payable under Part 237 of this chapter, or under title II of the Social Security Act, as amended, on the basis of combined credits: *Provided, however,* That if the employee is survived by a widow, widower, or parent who may be entitled to such benefits under the Railroad Retirement Act upon attaining age 60, or under the Social Security Act upon attaining age 62 in the case of a woman or age 65 in the case of a man, the residual lump sum may nevertheless be paid if such widow, widower, or parent files an election in accordance with the provisions of § 238.4; and

* * * * *

(b) *Persons entitled to receive payments.* * * *

(2) If there was no designation of beneficiary in accordance with the provisions of § 238.3, or if none of the persons described in subparagraph (1) of this paragraph is living at the time the residual lump-sum payment is to be made, such payment shall be made to the following person (or, if more than one, in equal shares to the following persons) whose relationship to the deceased employee will have been determined by the Board and who will not have died before receiving such payment: the widow or widower who was living with such employee at the time of the employee's death; child; grandchild; parent; or brother and sister.

(3) If there was no designation of beneficiary in accordance with the provisions of § 238.3 or none of the persons described in subparagraph (1) of this paragraph is living at the time the residual lump-sum payment is to be made, and none of the persons described in subparagraph (2) of this paragraph survived the employee or if such a person did survive the employee he died before receiving payment of the residual lump sum, such payment shall be made to the employee's estate. In such cases, if payment cannot be made under the provisions of Part 236 of this chapter, it shall be made only to a legal representative of the estate duly appointed by the court having probate jurisdiction, or as may be ordered by such court, or as may be authorized by statute.

* * * * *

(d) *Meaning of terms.* As used in this section:

(1) The term "percentage of compensation" means, with respect to an employee who died after May 1959, the sum of the following:

(i) 4 percent of the employee's creditable compensation (see § 222.3(a) of this chapter) after December 31, 1936, and before January 1, 1947; and

(ii) 7 percent of the employee's creditable compensation after December 31, 1946, and before January 1, 1959; and

(iii) 7½ percent of the employee's creditable compensation after December 31, 1958, and before January 1, 1962; and

(iv) 8 percent of the employee's creditable compensation after December 31, 1961.

* * * * *

§ 238.4 Election to have residual lump-sum payment awarded.

(a) *Conditions of filing.* If an employee is survived by a widow, widower, or parent who may upon attaining age 60 be entitled by reason of the employee's death to benefits or further benefits under Part 237 of this chapter, or upon attaining age 62 in the case of a woman or age 65 in the case of a man under title II of the Social Security Act, as amended, on the basis of combined credits, such widow, widower, or parent may file with the Board an election to have the residual lump-sum payment awarded.

* * * * *

(c) *Time of filing.* An election to have the residual lump-sum payment awarded must be filed before the widow, widower, or parent attains age 60, except that if a widow, widower, or parent would be entitled to future benefits under the Social Security Act instead of under the Railroad Retirement Act, the election must be filed before attainment of age 62 in the case of a woman or age 65 in the case of a man.

(d) *Deterred from filing election.* Where an individual has notified the Board in writing prior to his attaining age 60 or 62 or 65, whichever is applicable, of his intention or desire to file an election to have the residual lump sum awarded, but has been deterred to his detriment by action of the Board or of its employees from filing an election upon the form prescribed by the Board, such writing of the individual shall be considered by the Board as a proper and sufficient election: *Provided, however,* That the action of the Board or of its employees in deterring the individual shall have consisted of failure to advise him or her properly as to the necessity for filing an election on such prescribed form, or failure to furnish such prescribed form: *Provided further,* That the individual, upon being correctly advised by the Board as to the necessity for filing an election on the prescribed form and/or upon being furnished with such prescribed form, shall file said form with

the Board during his lifetime and within three months after the date on which such correct advice was given him and/or such form was mailed to him (whichever is the later), or within such additional time as the Board may deem reasonable.

(e) *Effect.* An election to have the residual lump-sum payment awarded, filed in accordance with the provisions of this section, is legally effective according to its terms and is not subject to revocation or to change in any respect. It does not affect any right which the widow, widower, or parent may otherwise, on the basis of the employee's employment, have to benefits under title II of the Social Security Act, as amended, not based on combined credits.

§ 238.6 Meaning of "combined credits."

The term "combined credits" is used in this part to describe the basis for determining benefits under title II of the Social Security Act, as amended, in those cases in which, by virtue of the provisions of section 5(k) of the Railroad Retirement Act, service creditable under the Railroad Retirement Act is not excluded from "employment" under the Social Security Act.

§ 262.1 Penalties.

Any officer or agent of an employer, as the word "employer" is hereinbefore defined, or any employee acting in his own behalf, or any individual whether or not of the character hereinbefore defined, who shall willfully fail or refuse to make any report or furnish any information required, in accordance with the provisions of section 10(b) 4, by the Board in the administration of this Act or the Railroad Retirement Act of 1935, or who shall knowingly make or cause to be made any false or fraudulent statement or report when a statement or report is required to be made for the purpose of such Acts, or who shall knowingly make or aid in making any false or fraudulent statement or claim for the purpose of causing an award or payment under such Acts, shall be punished by a fine of not more than $10,000 or by imprisonment not exceeding one year, or both. (Section 13(a) of the act)

§ 262.5 Exemption.

Notwithstanding any other law of the United States, or of any State, Territory, or the District of Columbia, no annuity or pension payment shall be assignable or be subject to any tax or to garnishment, or attachment, or other legal process under any circumstances whatsoever, nor shall the payment thereof be anticipated. (Section 12 of the act)

§ 262.6 Waiver; statutory provisions.

Any person awarded an annuity or pension under this Act may decline to accept all or any part of such annuity or pension by a waiver signed and filed with the Board. Such waiver may be revoked in writing at any time, but no payment of the annuity or pension waived shall be made covering the period during which such waiver was in effect. Such waiver shall have no effect on the amount of the spouse's annuity, or of a lump sum under section 5(f)(2), which would otherwise be due, and it shall have no effect for purposes of the last sentence of section 5(g)(1). (Section 20(a) of the act)

§ 266.5 Recognition by the Board of a person to act in behalf of another.

(a) In the absence of or prior to receipt of written notice of the appointment of a guardian or other person legally vested with the care of the person or estate of an incompetent or a minor who is receiving or claiming benefits or to whom any right or privilege is extended under the law, the Board may, in its discretion, validly recognize actions by and conduct transactions with others acting in behalf of the individual found by the Board to be incompetent or minor, if the Board finds such actions or transactions to be in the best interest of such individual. An individual may be deemed incompetent if his condition is such that he is unable to handle his affairs.

(b) In the absence of special circumstances, consideration of the proper party with whom to conduct transactions on behalf of an incompetent should be limited to the following persons, who are listed in order of preference: (1) The spouse; (2) a child who has gained majority; (3) the head of the institution where the incompetent is receiving treatment.

(c) In the absence of special circumstances, the proper party with whom to conduct transactions, including the certifying of payments, on behalf of a minor beneficiary should be one of the following, who are listed in order of preference: (1) A parent (including an adopting parent), or stepparent with whom the minor beneficiary is living; (2) any relative, individual, or agency caring for the minor beneficiary.

§ 266.6 Cases in which the Board shall recognize a person to act in behalf of another under section 19(a) of the act.

In the absence of a written notice of the appointment of a guardian or other person legally vested with the care of the person or estate of an incompetent or minor, the Board shall, except where special circumstances appear, recognize a person to act in behalf of the incompetent or minor under the following circumstances: (a) When the individual has been adjudged mentally incompetent by a court having jurisdiction; (b) when the individual has been committed to a mental institution by a court having jurisdiction; (c) when the individual is an inmate of a mental institution; (d) when the minor is less than 16 years of age; (e) when the minor is between 16 and 18 years of age and is in the care of any person and does not have capacity to act on his own behalf.

Dated: March 4, 1960.

Title 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 168—DIRECTORY OF INTERNATIONAL MAIL

International Mail Regulations

Part 168—Directory of International Mail, as published in the FEDERAL REGISTER of March 20, 1959, at pages 2117–2195, as Federal Register Document 59–2380, is amended by making the following changes in § 168.5 *Individual country regulations.*

I. In country "Czechoslovakia," as amended by Federal Register Document 59–4844, 24 F.R. 4727, 4728, Federal Register Document 59–7459, 24 F.R. 7250, under Parcel Post, the first paragraph of the item *Observations* is amended to show new regulations affecting gift parcels. As so amended, the first paragraph reads as follows:

Observations. Gifts consisting of used clothing, footwear, or other used wearing apparel for the personal use of the addressee are admitted without an import license provided not more than three parcels are received by one person within a calendar year. A certificate of disinfection must be enclosed. A notarized statement from a reliable drycleaning establishment or laundry that articles of clothing have been cleaned should meet the requirements of the Czechoslovak authorities. Senders shall be required to endorse the wrappers of such parcels "Certificate of Disinfection Enclosed."

II. In country "India (including the Andaman Islands and Bhutan)", as amended by Federal Register Document 59–6886, 24 F.R. 6712, Federal Register Document 60–1207, 25 F.R. 1076, make the following changes as a result of new import regulations.

A. Under Postal Union Mail, the item *Prohibitions and import restrictions* is amended by deleting the first and third paragraphs. As so amended, the item reads as follows:

Prohibitions and import restrictions. Works of art (including photographs), forms ruled or printed, account and manuscript books, labels, advertising matter (except trade catalogs and circulars), almanacs in sheets or in cards, and other cards, as well as waste paper and old newspaper for packing, are not admitted as printed matter when sent as merchandise, inasmuch as they are liable to customs duty.

Articles prohibited or restricted as parcel post are prohibited or restricted in the postal union mail.

B. Under Parcel Post, the item *Observations* is amended by deleting the last paragraph therein. As so amended, the item reads as follows:

Observations. Parcels addressed to box numbers and not bearing the actual address of the addressee will be returned to origin.

To assist addressees of gift parcels in obtaining import licenses (see "Import

restrictions"), it is suggested that senders mark the customs declarations "Gift."

C. Under Parcel Post, the item *Prohibitions* is amended to read as follows:

Prohibitions. For reasons of public safety: All liquids with flash point below 200° F.

Arms, etc.: Arms, munitions, and military stores, except for the Indian Government.

Silent revolvers and pistols; imitation or toy revolvers and pistols.

Appliances (including pistols, pistol pencils, etc.) for discharging gas, except on behalf of the Government.

State monopolies, etc.: Coins or ingots exceeding 65 rupees ($13.65) in value, except coins obviously intended for ornament.

Articles of gold or silver.

Banknotes not issued in India, except with permission of the Reserve Bank of India.

Tobacco, manufactured or not, unless sent to licensed importers or wholesalers.

For other reasons: Piece goods, such as are ordinarily sold by the yard or piece, manufactured outside of India.

Jewelry, articles of silk and certain perfumes.

Noninflammable motion-picture films or "safety" films unless enclosed in a strong metal box and the latter packed in a strong wooden or thick pasteboard container. A label printed in red letters or written very clearly by hand in red ink bearing the note "Contains only noninflammable films" must be placed on the outside of each package. Articles made wholly or partly of celluloid, such as inflammable motion picture and photographic films, are prohibited.

Articles for which the addressees have failed to obtain import licenses when required. (See "Import restrictions".)

III. In country "Mexico", as amended by Federal Register Document 59–4133, 24 F.R. 3991, Federal Register Document 59–4844, 24 F.R. 4728, and by Federal Register Document 59–11057, 24 F.R. 10904, under Parcel Post, the item *Prohibitions* is amended by inserting a new paragraph preceding the last paragraph therein to read as follows:

Cigarettes, unless the manufacturer has placed Mexican excise tax stamps on each pack.

[Docket Nos. AO–29–A11, AO–105–A13]

MILK IN DUBUQUE, IOWA, AND QUAD CITIES MARKETING AREAS

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreements and Orders

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Fort Armstrong Hotel, Rock Island, Illinois, beginning at 10:00 a.m. on April 6, 1960, with respect to proposed amendments to the tentative marketing agreements and to the orders, regulating the handling of milk in the Dubuque, Iowa, and Quad Cities marketing areas.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreements and to the orders.

The proposal to combine under one order the Dubuque, Iowa, and Quad Cities marketing areas and some additional territory contemplates suspension of all provisions of order No. 12 (Dubuque) with a merger of the marketing service funds, administrative funds, and producer-settlement funds. This proposal raises the issue whether the present provisions of Order No. 44 (Quad Cities) if amended in accordance with the proposals set forth below would tend to effectuate the declared policy of the Act and, if not, what modifications are appropriate to effectuate the declared policy of the Act.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by the Mississippi Valley Milk Producers Association and Dubuque Cooperative Dairy Marketing Association:

Proposal No. 1. Delete § 944.6 and substitute therefor the following:

§ 944.6 Quad Cities marketing area.

"Quad Cities marketing area," hereinafter called the "marketing area", means all the territory within the counties of Clinton, Dubuque, Jackson, Louisa, Muscatine, and Scott, in the State of Iowa; the counties of Carroll, Henry, Mercer, Rock Island, Whiteside, and the City of East Dubuque, all in the State of Illinois.

Proposal No. 2. Delete § 944.41 and substitute therefor the following:

§ 944.41 Classes of utilization.

Subject to the conditions set forth in § 944.44 the classes of utilization shall be as follows:

(a) *Class I milk.* Class I milk shall be all skim milk (including concentrated and reconstituted skim milk) and butterfat (1) disposed of in the form of a fluid milk product (except as provided in paragraph (c) (2) of this section), and (2) not accounted for as Class II(a) and Class II milk;

(b) *Class II(a) milk.* Class II(a) milk shall be all skim milk and butterfat used to produce cottage cheese;

(c) *Class II milk.* Class II milk shall be all skim milk and butterfat (1) used to produce any product other than a fluid milk product and cottage cheese; (2) disposed of to wholesale bakeries, candy manufacturers, soup companies, or for livestock feed; (3) contained in inventory of fluid milk products on hand at the end of the month; (4) in shrinkage allocated to receipts of producer milk (except diverted to a nonpool plant pursuant to § 944.14) but not in excess of 2 percent of such receipts of skim milk and butterfat, respectively; and (5) in shrinkage of other source milk.

Proposal No. 3. Delete § 944.44(c) and the first paragraph in § 944.44(d) and substitute therefor the following:

(c) As Class I milk, if transferred or diverted in the form of a fluid milk product to a nonpool plant located more than 300 miles, by the shortest highway distance as determined by the market administrator, from the nearest of the City Halls of Rock Island, Illinois, and Dubuque, Iowa; and

(d) As Class I milk, if transferred or diverted in the form of a fluid milk product in bulk to a nonpool plant located not more than 300 miles, by the shortest highway distance as determined by the market administrator, from the nearest of the City Halls of Rock Island, Illinois, and Dubuque, Iowa, unless:

* * * * *

Proposal No. 4. In § 944.50 establish a price for Class II(a) milk equal to the present Class II price plus 25 cents and with a butterfat differential equal to the present Class II butterfat differential in § 944.51(b).

Proposal No. 5. In §§ 944.52 and 944.82 insert as a point from which location differentials are determined the "City Hall, Dubuque, Iowa".

Proposed by The Borden Company:

Proposal No. 6. Amend § 944.41(b) (2) by adding the following: ", or dumped if the market administrator has been notified in advance and afforded the opportunity of verifying such dumping."

Proposal No. 7. Amend § 944.46(a) by making the following proposed subparagraph as (1) and renumbering the subparagraphs (1) through (9) as subparagraphs (2) through (10).

(1) Subtract from the total pounds of skim milk in Class I milk the pounds of skim milk that were received in the form of fluid milk products in containers, that are subject to the Class I pricing provisions of another order issued pursuant to the Act, and that are disposed of as Class I in the same form and containers as received.

Proposal No. 8. Amend § 944.80(b) by removing present language and inserting the following:

(b) On or before the 12th day after the end of each month during which milk was received, to a cooperative association for milk it caused to be delivered to such handler from producers, if such cooperative association is authorized to collect such payments for its member producers and exercises such authority, (1) in case of producers shipping in cans, an amount equal to the sum of the individual payments otherwise payable to such producers; (2) in case of producers delivering milk by the Farm Bulk Tank Method, an amount equal to the monthly accumulated total of the daily weight and the monthly accumulated total of the daily butterfat content, computed by extension of daily butterfat test applicable to each tank, adjusted by the butterfat differential.

Proposed by the Dairy Division, Agricultural Marketing Service:

Proposal No. 9. Make such changes as may be necessary to make the entire marketing agreements and the orders conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, E. H. McGuire, P.O. Box 691, Rock Island, Illinois, or from the Hearing Clerk, Room 112, Administration Building, United States Departmnt of Agriculture, Washington 25, D.C., or may be there inspected.

Issued at Washington, D.C., this 7th day of March 1960.

ROY W. LENNARTSON,
Deputy Administrator.

[Docket No. AO–227–A10]

MILK IN NEOSHO VALLEY MARKETING AREA

Notice of Recommended Decision and Opportunity To File Written Exceptions to Proposed Amendments to Tentative Marketing Agreement and to Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formu-

lation of marketing agreements and marketing orders (7 CFR Part 900), notice is herby given of the filing with the Hearing Clerk of this recommended decision of the Deputy Administrator, Agricultural Marketing Service, United States Department of Agriculture, with respect to proposed amendments to the tentative marketing agreement, and order regulating the handling of milk in the Neosho Valley marketing area. Interested parties may file written exceptions to this decision with the Hearing Clerk, United States Department of Agriculture, Washington, D.C., not later than the close of business the 3d day after publication of this decision in the FEDERAL REGISTER. The exceptions should be filed in quadruplicate.

Preliminary statement. The hearing on the record of which the proposed amendments, as hereinafter set forth, to the tentative marketing agreement and to the order, were formulated, was conducted at Pittsburg, Kansas, on January 14 and 15, 1960, pursuant to notice thereof which was issued December 23, 1959 (24 F.R. 10913).

One of the material issues on the record of the hearing related to revision of the Class II price provision. Since, under usual circumstances, the Class II price determines the price paid to producers for their excess milk under the base-rating plan during the months of February through July, this issue will be dealt with separately. Consideration of the other material issues of record will be deferred.

Findings and conclusions. The following findings and conclusions on the material issue under consideration are based on evidence presented at the hearing and the record thereof:

Class II price. The Class II price for the months of July through March should be the basic formula price and for the months of April, May, and June should be the higher of (1) the basic formula price less 10 cents or (2) the price paid for ungraded milk at the four local manufacturing plants. For Class II purposes, the basic formula prices should, of course, be those which refer to the same month as the milk is received; for Class I purposes, the basic formula price for the preceding month is used.

Under the present order, the Class II price has been determined solely by the prices paid at four local manufacturing plants. These reported prices have been substantially lower than other available measures of the value of milk for manufacturing purposes and the discrepancies were greater in 1959 than in the two previous years.

The local plant prices averaged $3.22 in 1957, $3.18 in 1958, and $3.14 in 1959. In the same years the Midwest condensery pay price, adjusted to 4 percent by direct ratio, averaged $3.57, $3.44, and $3.44, respectively. On the same basis, the average price paid by all condenseries in the State of Kansas which report to the Agricultural Marketing Service averaged $3.26, $3.25 and $3.29; Kansas butter-powder plants paid $3.38, $3.31, $3.34 and Kansas cheese factories paid $3.21, $3.19 and $3.23. In Missouri, the statewide average prices paid at manufacturing plants were somewhat lower. Condenseries averaged $3.17, $3.15 and $3.21, butter-powder plants averaged $3.27, $3.19 and $3.22 and cheese factories averaged $3.18, $3.15 and $3.22.

The prices reported by the four local plants have not included quality or volume premiums. These have become increasingly important. A premium of 15 cents per hundredweight is commonly paid to shippers equipped with mechanical refrigeration, and volume premiums range up to an additional 25 cents. The cooler premium was paid on one-third to one-half of the milk received at several plants in the area, and volume premiums were paid to one-tenth to one-half of the shippers at various plants. Competition from the operators of such plants has frequently required handlers to pay premiums on excess Grade A milk delivered by producers during the months of February through July in order to counteract the incentive for producers to deliver their excess milk to manufacturing plants.

The basic formula price has been established by the Midwest condensery pay price in each month of the past three years except September 1959 when the basic butter powder formula was 2.7 cents higher than the condensery price. The Midwest condensery price is widely used as a measure of manufacturing milk values in the United States and appears to constitute an appropriate measure of the value of Class II Grade A milk in Neosho Valley in all except the three months of peak production. During these months, a larger proportion of Class II milk must be manufactured into butter and nonfat dry milk or into hard cheese than in the other months of the year. The 10-cent discount reflects the generally lower value of milk utilized for these purposes.

If the amendment had been in effect in 1959, it would have raised the Class II price by an average of 21 cents per hundredweight.

Rulings on proposed findings and conclusions. Briefs and proposed findings and conclusions were filed on behalf of certain interested parties in the market. These briefs, proposed findings and conclusions and the evidence in the record were considered in making the findings and conclusions set forth above. To the extent that the suggested findings and conclusions filed by interested parties are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or reach such conclusions are denied for the reasons previously stated in this decision.

General findings. The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) The tentative marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(b) The parity prices of milk as determined pursuant to section 2 of the Act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a marketing agreement upon which a hearing has been held.

Recommended marketing agreement and order amending the order. The following order amending the order regulating the handling of milk in the Neosho Valley marketing area is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this decision because the regulatory provisions thereof would be the same as those contained in the order, as hereby proposed to be amended:

1. In § 928.51 delete present paragraph (b) and insert a new paragraph (b) to read as follows:

(b) *Class II milk.* The price per hundredweight for Class II milk for the delivery periods of July through March shall be the basic formula price for the current delivery period, and for the delivery periods of April through June the higher of the prices computed pursuant to subparagraphs (1) and (2) of this paragraph:

(1) The basic formula price for the current delivery period minus ten cents.

(2) The arithmetic average of the basic, or field prices reported to have been paid or to be paid per hundredweight for ungraded milk of 4.0 percent butterfat content received from farmers during the delivery period at the following plants or places for which prices have been reported to the market administrator or to the Department on or before the 6th day after the end of the delivery period by the companies listed below:

Pet Milk Company, Neosho, Missouri.
Borden Company, Fort Scott, Kansas.
Carnation Company, Mount Vernon, Missouri.
Pet Milk Co., Iola, Kansas.

Issued at Washington, D.C., this 7th day of March 1960.

CIGAR-FILLER TOBACCO, CIGAR-BINDER TOBACCO AND CIGAR-FILLER AND BINDER TOBACCO; BURLEY, FLUE-CURED, FIRE-CURED, DARK AIR-CURED AND VIRGINIA SUN-CURED TOBACCO

Notice of Formulation of Regulations Relating to the Marketing of Tobacco, Collection of Marketing Penalties, and Records and Reports, 1960–61 Marketing Year

Notice is hereby given that, pursuant to the authority contained in the applicable provisons of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1301, 1311–1315, 1372–1375), the Agricultural Act of 1949 (63 Stat. 1051), as amended, and the Agricultural Act of 1956 (70 Stat. 188), as amended, marketing quota regulations are being prepared governing the issuance of marketing cards for marketing and price support purposes, the identification of tobacco for purposes of marketing restrictions and price support, the collection and refund of penalties, and the records and reports incident thereto on the marketing of cigar-binder (types 51 and 52) tobacco, cigar-filler and binder (types 42, 43, 44, 53, 54 and 55) tobacco, burley tobacco, flue-cured tobacco, fire-cured (type 21) tobacco, fire-cured (types 22, 23, 24) tobacco, dark air-cured tobacco and Virginia sun-cured tobacco for the 1960–61 marketing year.

It is contemplated that the regulations for the 1960–61 marketing year will be substantially the same as those issued for the 1959–60 marketing year (24 F.R. 5106, 9610, cigar-binder and cigar-filler and binder; 24 F.R. 4682, 4947, 8835, 8995, burley, flue-cured, fire-cured, dark air-cured and Virginia sun-cured) except for the proposed changes set forth herein.

The changes being considered in the regulations are as follows:

1. The definition of Buyers Corrections Account contained in § 725.1031(b) would be changed by deleting from the second sentence thereof the words "errors and corrections".

2. Paragraphs (b), (c), and (d) of §§ 723.1033 and 725.1033, *Extent of calculations* and *Rule of fractions* would be amended to read as follows:

(b) *Percent excess.* The percentage of excess tobacco available for marketing from a farm, hereinafter referred to as the "percent excess" shall be expressed in tenths percent and calculations thereof rounded to the nearest tenth percent. Computations shall be carried two decimal places beyond the required number of decimal places. In rounding, digits of 50 or less beyond the required number of decimal places shall be dropped; if 51 or more, the last required decimal place shall be increased by "1". For example, 6.732 would be 6.7; 6.750 would be 6.7; 6.751 would be 6.8; and 6.782 would be 6.8.

(c) *Converted rate of penalty.* The amount of penalty per pound upon marketings of tobacco subject to penalty, hereinafter referred to as the "converted rate of penalty" shall be expressed in tenths of a cent and calculations thereof rounded to the nearest tenth of a cent, except that if the resulting converted rate of penalty is less than a tenth of a cent, it shall be expressed in hundredths of a cent and calculations thereof rounded to the nearest hundredth of a cent. Computations shall be carried two decimal places beyond the required number of decimal places. In rounding, digits of 50 or less beyond the required number of decimal places shall be dropped; if 51 or more, the last required decimal place shall be increased by "1". For example, expressions in tenths calculated as 6.732 would be 6.7; 6.750 would be 6.7; 6.751 would be 6.8; and 6.782 would be 6.8; and expressions in hundredths calculated as 0.0536 would be 0.05; 0.0550 would be 0.05; 0.0551 would be 0.06; and 0.0582 would be 0.06.

(d) *Amount of penalty.* The amount of penalty on any lot of tobacco marketed shall be expressed in dollars and cents and calculations thereof rounded to the nearest cent. In rounding, digits of 50 or less beyond the required number of decimal places shall be dropped; if 51 or more, the last required decimal place shall be increased by "1". For example, 10.5536 would be 10.55; 10.5550 would be 10.55; 10.5551 would be 10.56; and 10.5582 would be 10.56.

3. Sections 723.1035(d) and 725.1035 (d) would be changed to read:

(d) *Harvested acreage of tobacco for purpose of issuing marketing cards.* The acreage of tobacco determined or as redetermined for a farm by the county committee pursuant to this section shall be the harvested acreage of tobacco for the farm for the purpose of issuing the correct marketing card for the farm as provided in § 723.1038 (or §725.1038) unless the farm operator furnishes satisfactory proof to the county committee that a portion of the acreage planted will not be harvested or that tobacco representative of the production of the acreage physically harvested will be disposed of other than by marketing, in which case the harvested acreage shall be the acreage as adjusted by taking into account the portion of the acreage planted which will not be harvested or the portion of the production of the acreage physically harvested which will be disposed of other than by marketing.

4. In §§ 725.1034(g) and 725.1052(b) the regulations would be changed to permit either the farm operator or his representative to execute MQ–32, Certification of Flue-Cured Tobacco Varieties Planted.

5. A new provision would be included in §§ 723.1052 and 725.1052 which would require the cancellation of a new farm allotment which was determined by the county committee on the basis of incorrect information knowingly furnished the county committee by the applicant for the new farm allotment. In addition, a provision would be included in §§ 723.1049(d) and 725.1049(g) providing for the assessment of penalties on tobacco produced on new farm allotments obtained by an applicant who knowingly furnished incorrect information to the county committee to obtain the allotment.

6. The requirements contained in §§ 723.1053(e), 723.1059, 725.1053(1), 725.1055 and 725.1059 that additional records and reports be made at the request of the State Administrative Officer would be deleted.

7. In § 723.1053(b) *Identification of sale on buyer's records.* Eliminated would be the requirement that the serial number of the memorandum of sale be entered on (a) the buyer's copy of the receipt furnished the producer by the buyer, (b) the buyer's copy of the contract to purchase, or (c) on the document customarily used in recording the purchase.

8a. Section 725.1054 would be changed to provide that in the case of nonwarehouse purchases, the dealer would transmit the memoranda of sale to the State office with the MQ–79, Dealer's Record on which such transactions were recorded.

b. In § 725.1054 *Dealers records and reports* a new paragraph (f) would be added to read:

(f) Notwithstanding the provisions of § 725.1055, any dealer, buyer or any other person who acquires tobacco from or through a warehouseman at an auction sale or otherwise, which is not invoiced to him or which is incorrectly invoiced to him by the warehouseman, shall furnish the warehouseman an invoice or an adjustment invoice correctly setting forth the pounds and dollars for which he has not been invoiced or for which he has been invoiced incorrectly.

9. Sections 723.1047 and 725.1047 will be changed to reflect the average market price for the 1959–60 marketing year for each of the kinds of tobacco covered by said regulations. Similarly, the applicable rate of penalty per pound upon marketings of excess tobacco during the 1960–61 marketing year for each of the kinds of tobacco covered by said regulations will be included.

All persons who desire to submit written data, views and recommendations in connection with the above proposals, or wish to suggest other changes in the present regulations, should file the same with the Director, Tobacco Division, Commodity Stabilization Service, United States Department of Agriculture, Washington 25, D.C., within ten days after the date of the publication of this notice in the FEDERAL REGISTER.

Done at Washington, D.C., this 4th day of March 1960.

WALTER C. BERGER,
Administrator,
Commodity Stabilization Service.

FEDERAL AVIATION AGENCY

[14 CFR Part 507]

[Reg. Docket No. 302]

AIRWORTHINESS DIRECTIVES

Notice of Proposed Rule Making

Pursuant to the authority delegated to me by the Administrator (§ 405.27, 24 F.R. 2196), notice is hereby given that the Federal Aviation Agency has under consideration a proposal to amend Part 507 of the regulations of the Administrator to include an airworthiness directive requiring inspection, replacement and rework of the nose landing gear torsion link on Martin 202, 202A, and 404 aircraft.

Interested persons may participate in the making of the proposed rule by submitting such written data, views or arguments as they may desire. Communications should be submitted in duplicate to the Docket Section, of the Federal Aviation Agency, Room B–316, 1711 New York Avenue NW., Washington 25, D.C. All communications received on or before April 11, 1960, will be considered by the Administrator before taking action on the proposed rule. The proposals contained in this notice may be changed in light of comments received. All comments submitted will be available, in the Docket Section, for examination by interested persons when the prescribed date for return of comments has expired. This proposal will not be given further distribution as a draft release.

This amendment is proposed under the authority of Sections 313(a), 601 and 603 of the Federal Aviation Act of 1958 (72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423).

In consideration of the foregoing, it is proposed to amend § 507.10(a), (14 CFR Part 507), by adding the following airworthiness directive:

MARTIN. Applies to all Models 202, 202A and 404 airplanes.

Compliance required as indicated.

Fatigue failures have occurred on the upper nose gear torque arm, P/N 511653. These failures were approximately 3 inches aft of the safety pin, P/N AN 416–1, which connects the lower torque arm, P/N 511650, to the upper torque arm. As a result of investigation of these failures, the following shall be accomplished prior to June 1, 1960:

(a) Unless already accomplished, rework torque arms, P/N's 511650 and 511653, by increasing the 0.125-inch radius, where the arm tapers to the narrow section at the aft end, to 0.25 inch.

(b) Visually inspect for cracks, using a 10-power magnifying glass or equivalent, the areas on the nose landing gear upper and lower torque arms at all radii near the apex of each torque arm. If crack indications are found, reinspect the above area using dye penetrant or equivalent. Torque arms with cracks must be replaced prior to further flight.

(c) Visually inspect for and remove any nicks or dents in the radius described in (a).

(d) Inspect the scissor disconnect bolt safety pin, P/N AN 416–1, for proper overhang to prevent opening. Safety pins with less than ¼-inch overhang shall be replaced prior to further flight.

(e) Repeat inspections (b) and (c) at intervals not to exceed 320 hours time in service and inspection (d) at each safety pin installation.

Issued in Washington, D.C., on March 3, 1960.

OSCAR BAKKE,
Director, Bureau of Flight Standards.

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Part 250]

CONNECTIONS WITH FINANCIAL INSTITUTIONS OF OFFICERS AND DIRECTORS OF REGISTERED HOLDING COMPANIES AND SUBSIDIARY COMPANIES

Notice of Proposed Rule Making

The Commission, in Holding Company Act Release No. 12242–X, gave notice that it had under consideration a proposal to revise § 250.70 (Rule 70) under section 17(c) of the Public Utility Holding Company Act of 1935 governing the connections with financial institutions of officers and directors of registered holding companies and subsidiary companies. The rule, as proposed to be revised, would have granted broader and more general exceptions from section 17(c) than did the rule as then in effect.

In view of the fact that the Commission has, since the issuance of the notice, amended the rule three times so as to broaden the exceptions in certain respects, the Commission announced that it had decided to withdraw the above proposal to revise the rule.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

MARCH 1960 MONTHLY SALES LIST

Sales of Certain Commodities

Notice to buyers. Pursuant to the policy of Commodity Credit Corporation issued October 12, 1954 (19 F.R. 6669) and subject to the conditions stated therein, as well as herein, the commodities listed below are available for sale on the price basis set forth.

With all stocks either sold or committed, cheddar cheese has been dropped from the list for March. As announced February 9 (press release USDA 397-60), limited quantities of linseed oil are now being offered for sale on a competitive bid basis for export only. This offering is in addition to continuing periodic offerings of linseed oil for unrestricted use.

The CCC Monthly Sales List, which varies from month to month as additional commodities become available or commodities formerly available are dropped, is designed to aid in moving CCC's inventories into domestic or export use through regular commercial channels.

If it becomes necessary during the month to amend this list in any material way—such as by the removal or addition of a commodity in which there is general interest or by a significant change in price or method of sale—an announcement of the change will be sent to all persons currently receiving the list by

mail from Washington. To be put on this mailing list, address: Director, Price Division, Commodity Stabilization Service, U.S. Department of Agriculture, Washington 25, D.C.

All commodities currently offered for sale by CCC, plus tobacco from CCC loan stocks, are eligible for export sale under the CCC Export Credit Sales Program.

The following commodities are currently eligible for barter: Cotton, tobacco, rice (milled), wheat, corn, barley, rye, and sorghum grain. This list is subject to change from time to time.

Interest rates per annum under the CCC Export Credit Sales Program for March 1960 are 5⅜ percent for periods up to six months, 5⅞ percent for periods from over six and up to 18 months, and 6⅜ percent for periods from over 18 months up to a maximum of 36 months.

The CCC will entertain offers from responsible buyers for the purchase of any commodity on the current list. Offers accepted by CCC will be subject to the terms and conditions prescribed by the Corporation. These terms include payment by cash or irrevocable letter of credit before delivery of the commodity, and the conditions require removal of the commodity from CCC storage within a reasonable period of time. Where conditions of sale for export differ from those for domestic sale, proof of exportation is also required, and the buyer is responsible for obtaining any required U.S. Government export permit or license. Purchases from CCC shall not constitute any assurance that any such permit or license will be granted by the issuing authority.

Announcements containing all terms and conditions of sale will be furnished upon request. For easy reference a number of these announcements are identified by code number in the following list. Interested persons are invited to communicate with the Commodity Stabilization Service, USDA, Washington 25, D.C., with respect to all commodities or—for specified commodities—with the designated CSS Commodity Office.

Commodity Credit Corporation reserves the right to amend, from time to time, any of its announcements. Such amendments shall be applicable to and be made a part of the sale contracts thereafter entered into.

CCC reserves the right to reject any or all offers placed with it for the purchase of commodities pursuant to such announcements.

If CCC does not have adequate information as to the financial responsibility of a prospective buyer to meet all contract obligations that might arise by acceptance of an offer or if CCC deems such buyer's financial responsibility to be inadequate CCC reserves the right (i) to refuse to consider the offer, (ii) to accept the offer only after submission by the buyer of a certified or cashier's check, bond, letter of credit or other security acceptable to CCC assuring that the buyer will discharge the responsibility under the contract, or (iii) to accept the offer upon condition that the buyer promptly submit to CCC such of the aforementioned security as CCC may direct. If a prospective buyer is in doubt as to whether CCC is acquainted with his financial responsibility he should communicate with the CSS office at which the offer is to be placed to determine whether a financial statement or advance financial arrangement will be necessary in his case.

Disposals and other handling of inventory items often result in small quantities at given locations or in qualities not up to specifications. These lots are offered promptly upon appearance by public notice issued by the appropriate CSS office and therefore generally they do not appear in the Monthly Sales List.

On sales for which the buyer is required to submit proof to CCC of exportation the buyer shall be regularly engaged in the business of buying or selling commodities and for this purpose shall maintain a bona fide business office in the United States, its territories or possessions, and have a person, principal, or resident agent upon whom service of judicial process may be had.

Prospective buyers for export should note that generally, sales to United States Government agencies, with only minor exceptions, will constitute a domestic unrestricted use of the commodity.

Commodity Credit Corporation reserves the right, before making any sale, to define or limit export areas.

Supply of Valencia Type Peanuts for 1960–61 Marketing Year; Notice of Proposed Determinations

Pursuant to section 358(c) of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1358(c)), the Secretary of Agriculture is preparing to determine whether the supply of Valencia type peanuts for the 1960–61 marketing year will be insufficient to meet the estimated demand for cleaning and shelling purposes. Section 358(c) of the Act, as amended, reads in part as follows:

"Notwithstanding any other provision of law, if the Secretary of Agriculture determines, on the basis of the average yield per acre of peanuts by types during the preceding five years, adjusted for trends in yields and abnormal conditions of production affecting yields in such five years, that the supply of any type or types of peanuts for any marketing year, beginning with the 1951–52 marketing year, will be insufficient to meet the estimated demand for cleaning and shelling purposes at prices at which the Commodity Credit Corporation may sell for such purposes peanuts owned or controlled by it, the State allotments for those States producing such type or types of peanuts shall be increased to the extent determined by the Secretary to be required to meet such demand but the allotment for any State may not be increased under this provision above the 1947 harvested acreage of peanuts for such State. The total increase so determined shall be apportioned among such States for distribution among farms producing peanuts of such type or types on the basis of the average acreage of peanuts of such type or types in the three years immediately preceding the year for which the allotments are being determined. The additional acreage so required shall be in addition to the national acreage allotment, the production from such acreage shall be in addition to the national marketing quota, and the increase in acreage allotted under this provision shall not be considered in establishing future State, county, or farm acreage allotments."

Prior to determining whether the supply of Valencia type peanuts for the 1960–61 marketing year will be insufficient to meet the estimated demand for cleaning and shelling, consideration will be given to any data, views and recom-

mendations relating thereto which are submitted in writing to the Director, Oils and Peanut Division, Commodity Stabilization Service, United States Department of Agriculture, Washington 25, D.C. All written submissions must be postmarked not later than March 18, 1960.

Done at Washington, D.C., this 4th day of March 1960.

CLARENCE D. PALMBY,
Acting Administrator,
Commodity Stabilization Service.

HAWAII

Designation of Area for Production Emergency Loans

For the purpose of making production emergency loans pursuant to section 2 (a) of Public Law 38, 81st Congress (12 U.S.C. 1148a-2(a)), as amended, it has been determined that on the Island of Hawaii a production disaster has caused a need for agricultural credit not readily available from commercial banks, cooperative lending agencies, or other responsible sources.

Pursuant to the authority set forth above, production emergency loans will not be made in the above-named Island after June 30, 1960, except to applicants who previously received such assistance and who can qualify under established policies and procedures.

Done at Washington, D.C., this 4th day of March 1960.

TRUE D. MORSE,
Acting Secretary.

CORNSTARCH FROM WEST GERMANY

Notice That There Is Reason To Believe or Suspect Purchase Price Is Less or Likely To Be Less Than Foreign Market Value

MARCH 3, 1960.

Pursuant to section 201(b) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(b)), notice is hereby given that there is reason to believe or suspect, from information presented to me, that the purchase price of cornstarch imported from West Germany is less or likely to be less than the foreign market value, as defined by sections 203 and 205, respectively, of the Antidumping Act, 1921, as amended (19 U.S.C. 162 and 164).

Customs officers are being authorized to withhold appraisement of entries of cornstarch from West Germany pursuant to § 14.9 of the Customs Regulations (19 CFR 14.9).

HIGH FIDELITY STATIONS, INC. (KPAP)

Memorandum Opinion and Order Amending Issues

In re application of High Fidelity Stations, Inc. (KPAP), Redding, California, Docket No. 12894, File No. BMP-8115; for construction permit.

1. The Commission has before it for consideration a petition to delete issue filed December 28, 1959, by High Fidelity Stations, Inc., licensee of Station KPAP, Redding, California.

2. High Fidelity is an applicant for a construction permit to change its operation of Station KPAP from 1270 kc, 1 kw, D, to 1330 kc, 5 kw, D. Because of questions concerning interference its proposal would cause to the existing operation of Station KCRA, Sacramento, California, and its financial qualifications, High Fidelity's application was designated for hearing by Order of the Commission released June 15, 1959 (FCC 59-547).

3. In its petition, High Fidelity requests deletion of the financial qualification issue, and is unopposed. In support of its petition, applicant submits that the amendment to its application accepted by the Hearing Examiner on December 22, 1959 (FCC 59M-1757), showing its current assets to be $7,936.91 and the current net assets of each of its two major stockholders to be in excess of $86,000, makes it abundantly clear that such stockholders will be able to meet their $15,000 commitment to the applicant and that the applicant is financially qualified to construct and operate its proposed station for a reasonable period of time without revenue, the estimated cost of construction being $15,000.

4. The applicant has satisfactorily demonstrated its financial qualifications, and the financial qualification issue will therefore be deleted. While the showing made by the petitioner warrants deletion of this issue, the question as to its financial qualifications might have been resolved far more expeditiously and simply by presenting evidence with respect thereto at the hearing, thus eliminating the necessity of filing the instant petition with the Commission.

Accordingly, it is ordered, This 2d day of March 1960, that the petition to delete issue filed December 28, 1959, by High Fidelity Stations, Inc., is granted and the order of the Commission of June 10, 1959 (FCC 59-547) is amended by deleting Issue 3 therefrom.

Released: March 7, 1960.

LAKE SHORE PIPE LINE CO.

Order Providing for Hearing on and Suspension of Proposed Revised Tariff Sheets

MARCH 3, 1960.

On February 4, 1960, Lake Shore Pipe Line Co. (Lake Shore) tendered for filing Third Revised Sheet No. 8-H, Sixth Revised Sheet No. 8-B, Ninth Revised Sheet Nos. 4 and 6 and Eleventh Revised Sheet Nos. 5 and 7 to Lake Shore's FPC Gas Tariff, Original Volume No. 1, proposing an annual increase in rates to its wholesale customer and affiliate, East Ohio Gas Company of $833,274 or 15.3 percent, such increase to be effective March 7, 1960.

Lake Shore states that the increase is necessary primarily because of an increase by Tennessee Gas Transmission Company (Docket No. G-19983), its only supplier. Other increases in Lake Shore's cost of service are attributed to a gas exploration program in Ohio, increased regulatory commission and payroll expenses, and a claimed 6½ percent rate of return and associated income taxes.

The increased rates and charges so proposed may be unjust, unreasonable, unduly discriminatory, or preferential or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the rates, charges, classifications, and services contained in Lake Shore's FPC Gas Tariff, Original Volume No. 1 as proposed to be amended by Third Revised Sheet No. 8-H, Sixth Revised Sheet No. 8-B, Ninth Revised Sheet Nos. 4 and 6 and Eleventh Revised Sheet Nos. 5 and 7, and that said proposed revised tariff sheets and the rates contained therein be suspended and the use thereof deferred as hereinafter provided.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held on a date to be fixed by notice from the Secretary, concerning the lawfulness of the rates, charges, classifications, and services contained in Lake Shore's FPC

Gas Tariff, Original Volume No. 1 as proposed to be amended by Third Revised Sheet No. 8–H, Sixth Revised Sheet No. 8–B, Ninth Revised Sheet Nos. 4 and 6 and Eleventh Revised Sheet Nos. 5 and 7.

(B) Pending such hearing and decision thereon, Third Revised Sheet No. 8–H, Sixth Revised Sheet No. 8–B, Ninth Revised Sheet Nos. 4 and 6 and Eleventh Revised Sheet Nos. 5 and 7, to Lake Shore's FPC Gas Tariff, Original Volume No. 1, are suspended until April 5, 1960, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.37(f)) on or before April 18, 1960.

TRANSCONTINENTAL GAS PIPE LINE CORP. AND MARENGO CORP.

Notice of Applications, Consolidation and Date of Hearing

MARCH 2, 1960.

Transcontinental Gas Pipe Line Corporation, Docket No. G–20119; Marengo Corporation, Docket No. G–20320.

Take notice that on November 10, 1959, Transcontinental Gas Pipe Line Corporation (Transco) filed an application in Docket No. G–20119, pursuant to section 7(c) of the Natural Gas Act, for a certificate of public convenience and necessity seeking authorization to increase its delivery of interruptible natural gas to Marathon Southern Corporation (Marathon) from the presently authorized maximum of 1,000 Mcf per day[1] to a maximum of 4,000 Mcf per day, all as more fully set forth in the application on file with the Commission and open to public inspection.

Take notice that on December 7, 1959, Marengo Corporation (Marengo) filed an application in Docket No. G–20320, pursuant to section 7(c) of the Natural Gas Act, for a certificate of public convenience and necessity seeking authorization to increase its transportation of interruptible natural gas for Marathon from the presently authorized maximum of 1,000 Mcf per day[1] to 4,000 Mcf per day, all as more fully set forth in the application on file with the Commission and open to public inspection.

Transco and Marengo both state that neither will require any additional facilities to render the increased service to Marathon.

Transco delivers the natural gas to Marengo for the account of Marathon at the same location where Transco sells gas to the city of Butler, Alabama.

[1] Transco and Marengo were originally authorized to transport and deliver natural gas to Marathon by the Commission's order issued March 17, 1958, in Docket Nos. G–13911 and G–13912.

Marengo's application shows that Marengo owns and operates, among other facilities, a 3½-inch natural gas transmission pipeline extending from Transco's main line, near the point where it crosses the Tombigbee River at the Choctaw County Line, in a northerly direction for a distance of 3⅓ miles to the paper plant of Marathon. The presently authorized volume, as well as the proposed additional volume of interruptible gas, is to be transported through this line.

Marathon's proposed expansion of its production facilities at its plant near the City of Butler, Choctaw County, Alabama, is the reason for the need for the proposed additional volume of interruptible natural gas.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on April 4, 1960, at 9:30 a.m., e.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such applications: *Provided, however,* That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before March 25, 1960. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

Secretary.

ALTA MINING AND OIL, INC.

Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

MARCH 4, 1960.

In the matter of Alta Mining and Oil, Inc. (formerly Alta Uranium, Inc.), File No. 24D–2127.

I. Alta Mining and Oil, Inc. (formerly Alta Uranium, Inc.), a Colorado corporation, 10th and Grand Avenue, Grand Junction, Colorado, filed with the Commission on July 5, 1956 a notification on Form 1–A and an offering circular relating to an issue of 2,880,500 shares of its 1 cent par value common stock to be offered at 10 cents per share for an aggregate offering price of $288,050 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof, and Regulation A promulgated thereunder.

II. The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that:

1. The issuer has offered and sold securities without the use of an offering circular as required by Regulation A.

2. The issuer has failed to file reports of sales on Form 2–A.

B. The notification and offering circular contain untrue statements of material facts and omit to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading, in that the notification and offering circular failed to set forth information concerning the intention to purchase certain property in Arizona, and the terms and conditions of the purchase thereof.

III. *It is ordered,* Pursuant to Rule 223(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that within 20 days after receipt of such request the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

LOUISIANA POWER & LIGHT CO.

Notice of Proposed Issuance and Sale of $20,000,000 Principal Amount of First Mortgage Bonds at Competitive Bidding

MARCH 3, 1960.

Notice is hereby given that Louisiana Power & Light Company ("Louisiana"), a public-utility subsidiary of Middle

South Utilities, Inc., a registered holding company, has filed a declaration and amendments thereto with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a) and 7 of the Act, and Rule 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to said declaration on file in the offices of the Commission for a statement of the proposed transaction which is summarized as follows:

Louisiana proposes to issue and sell at competitive bidding $20,000,000 of its First Mortgage Bonds, __ percent Series, pursuant to the competitive bidding requirements of Rule 50, to be dated April 1, 1960, and to mature April 1, 1990. The new bonds are to be issued under a Mortgage and Deed of Trust dated April 1, 1944 as heretofore supplemented and as to be further supplemented by a Supplemental Indenture to be dated April 1, 1960. The interest rate on the new bonds (which will be a multiple of ⅛ of 1 percent) and the price (which will be not less than the principal amount of the bonds, and not more than 102¾ percent of such principal amount) will be determined by the competitive bidding.

Louisiana will apply the proceeds from the sale of the new bonds toward the construction of new facilities, the extension and improvement of present facilities, the payment of bank loans in the amount of $11,480,000, and other corporate purposes.

The expenses to be incurred by Louisiana in connection with the issuance of the new bonds are estimated at $100,000 including federal stamp tax, $22,000; printing expense, $22,500; trustee's fees, $9,250; auditor's fees, $3,500; fees of Louisiana's counsel, $20,000 (Reid & Priest, $10,000; Monroe & Lemann, $10,000); and miscellaneous expenses, $19,195. The fees of Winthrop, Stimson, Putnam & Roberts, counsel for the purchasers, will be $6,500 plus out-of-pocket expenses and will be paid by the successful bidders.

The declaration further states that no State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than March 17, 1960, at 5:30 p.m., request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said filing which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington 25, D.C. At any time after said date, the declaration, as amended or as it may be further amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

By the Commission.

Order Summarily Suspending Trading

MARCH 4, 1960.

In the matter of trading on the American Stock Exchange in the common stock, par value 10 cents per share of Skiatron Electronics and Television Corporation, File No. 1-3865.

The common stock, par value 10 cents per share of Skiatron Electronics and Television Corporation, being listed and registered on the American Stock Exchange, a national securities exchange; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on such Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion further that such suspension is necessary in order to prevent fraudulent, deceptive or manipulative acts or practices, with the result that it will be unlawful under section 15(c)(2) of the Securities Exchange Act of 1934 and the Commission's Rule 15c2-2 thereunder for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of such security, otherwise than on a national securities exchange;

It is ordered, Pursuant to section 19(a)(4) of the Securities Exchange Act of 1934 that trading in said security on the American Stock Exchange be summarily suspended in order to prevent fraudulent, deceptive or manipulative acts or practices, this order to be effective for a period of ten (10) days, March 7, 1960 to March 16, 1960, both dates inclusive.
